Das Stützwort *one / ones*

The prop word one / ones

Das Stützwort **one / ones** dient dazu, ein zählbares Nomen, das nicht wiederholt werden soll, zu vermeiden. Es steht nach - ***the, this, that***	*Oh, look at these handbags. I like **the one** in the middle.* *I have two watches for you. **This one** is cheap and **that one** is expensive.* *These oranges are sweeter than **the ones** we had yesterday.*
- **nach Adjektiven**	*Shall we take a large bottle of wine or a **small one**.* *I have got two sorts of marmalade, a **sweet one** and a **bitter one**.(sort not marmalade)*
One / ones kann**, muss aber nicht stehen nach* - ***these / those,	*There are a lot of different sweets in the box. Let's take some of **these (ones)** and some of **those (ones).***
- **einem Komparativ oder Superlativ,**	*Look at that cat. It is the **most beautiful (one)** I've ever seen.*
- **einer Ordnungszahl,**	*Peter was **the first (one)** to have a new bike.*
- ***which**.*	*I have got two sorts of marmalade. **Which (one)** do you want?*
Das Stützwort **one / ones** ersetzt keine nicht zählbaren Nomen. I.d.R. werden diese wiederholt. Ebenso steht das Stützwort **one / ones** nicht nach	*If there's no **French wine** left, we will have the **Spanish wine**.*
- **Grundzahlen**	*How many handbags have you got, Sheila? - **Three**.*
- **einigen Mengenangaben (*many, few, a few, some, any, all*)**	*Are there some sweets left? - Not **many**, if you want **some**, I'll give you **a few**.*
- **anstelle eines Possessivpronomens.**	*Is this your skateboard? - No, it's not **mine**, it's Billy's.*
